Pre-Conference Sessions

MTAEYC Pre-Conference:

Bringing Joy Back to Teaching

With so much focus on academics in early childhood, teachers are finding themselves forced to teach young children in ways they know are not developmentally appropriate. This often leads to teacher burn out because the fun factor has been eliminated for everyone. Join Jocelyn as she shares how fun and learning can still go hand in hand by integrating music and movement into the day.

Presented by: Jocelyn Manzanarez

Jocelyn received her BA from the University of Montana in Music Education and her MA in Music Education from the University of Washington. She is a certified K-12 music educator in Washington state as well as a Washington S.T.A.R.S. certified trainer. Jocelyn is the author of "Circle Time Success," an early childhood music curriculum designed to teach classroom teachers how to unlock the power of music and movement at circle time and throughout the school day.

Head Start Pre-Conference:

Early Childhood Mental Health

Pre-conference session targeted to Head Start and Early Head Start managers on early childhood mental health. Integration of all components to best support parents, children and staff. Non-Head Start staff and/or managers are able to attend. There will be 2 hours focused on lecture and 2 hours in breakout discussions around implementation.

KEYNOTE

Mind and Hearts Together: Inseparable Tools for Learning

There are so many ways we can encourage children to use their minds and hearts together daily. Come explore great ideas you can take right back to your classroom. This interactive keynote will have you thinking, feeling and problem solving with joy and humor!

Presented by: ELLEN BOOTH CHURCH

Well-known early childhood educator, Ellen Booth Church spent several years as both a pre-k and kindergarten teacher before becoming an early childhood assistant professor at the State University of New York. She is currently an adjunct professor at Nova Southeastern University, an educational consultant, keynote speaker, curriculum/product developer, and writer dedicated to enriching the lives of young children and their families. At this time Ms. Church is thrilled to be involved in mentoring the Kinderpillar preschools in both India and Nepal. In addition, Ms. Church is an author for Gryphon House publishers. In 2015 her book on Social Emotional Development titled “Getting to the Heart of Learning” was released. Her new book, “Nurturing Next Generation Innovators” was released in the Fall of 2016. She is also an author of many Scholastic, Inc. books and articles for teachers and parents. She is a popular International keynote speaker at conferences around the world. Most recently she has keynoted in India, Hong Kong and Singapore as well as many conferences in the United States.

GENERAL SESSION

What’s Happening Montana?

Presented by: Patty Butler, Early Childhood Services Bureau Chief

This session is packed with information pertaining to Early Childhood in Montana including; the Child Care Development Fund (CCDF) changes, provider market rate, payment rates, Best Beginnings Scholarship policy changes etc. Learn about the state plan and opportunities to provide input on these decisions. Participants will be informed about STARS to Quality program statistics and outcomes, as well as upcoming changes.

SESSION HIGHLIGHTS

Enjoy a wide variety of training sessions surrounding our theme of “Thriving Children, Successful Professionals, and a Healthy Society” at the MT Early Childhood Conference 2018.

There are sessions for everybody and every level from advanced classroom skills, to business practice and strategy, to advocacy. Here is just a small taste of what you’ll find....

Bend but Don’t Break: Building Resilience in Teachers

- Create team building strategies to combat burnout.
- Design a system of accountability within your early childhood program.

Early Childhood Environments Bus Tour

- Explore high quality early childhood environments
- Gain new ideas for your own classrooms and programs
- Discover a variety of early childhood environment philosophies

Are We Who We Are Because of What We Have Learned or What We Were Given?

- Come and explore the forever debated topic of Nature vs. Nurture. The children that we care for all come with their own, unique “special rights” and personalities. Babies are wonderful packages of personality to be discovered, embraced and enhanced through experiences.

Terrific Transitions

- Learn quick interludes that can positively redirect attention, calm and center, release extra energy and tension, and gently guide behavior.
- In this session she will take an interesting look at ways we can use Transitions as mini-teaching opportunities and a joyful approach to managing behavior with compassion and clarity.

Become an Advocate

- Understand the difference between rule and law.
- Learn how to participate in and influence decisions made at varying levels of government.

Other options include:

NAEYC/NAFCC Accreditation, ACEs, Professionalism, Technology, Brain Development, Farm to School, Leadership, Circle Time and much more!
